GEELY

# A New Standard for Global Compact SUVs

Geely's first compact SUV on the globally leading BMA architecture set a new standard in configurations and technology for global compact SUVs with its young, fashionable, intelligent, and sports genes.

Designed by a young global team, the Coolray's design is based on Geely's latest "Accelerating through Time" aesthetics and is made to match the self-confident personalities of the young and fashionable.

Innovative design makes the front grille look like ripples which constitutes a fluid and dynamic profile.

## Smart and environmentally-friendly cockpit

Environmentally friendly materials for interior trim, and smart PM2.5 filter system, all contribute to clean and fresh air for all passengers.

LED headlights including daytime running light

360° Camera /10.25" LCD Screen

Panoramic Sunroof

Passive Start/One Button Start

## 1.5TD Engine and 7-Speed DCT

Acceleration 0-100 km/h: 7.9s
Fuel consumption per 100km: 6.4L
High performance provides excellent driving dynamics

## Three driving modes Electrical Parking Brake (EPB) system Auto Hold system

Switch among NORMAL, ECO and SPORT modes with one button.

Paddle shift enables complete control over gearbox with hands on the steering wheel

## Electric shift lever

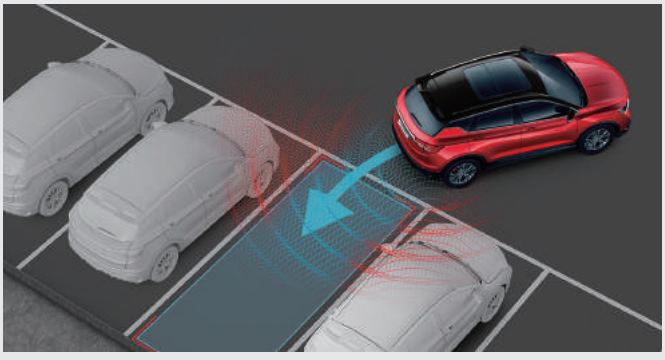

High tech, easy to operate, one-button Park, and other smart driving functions

## 7-inch LCD dash board

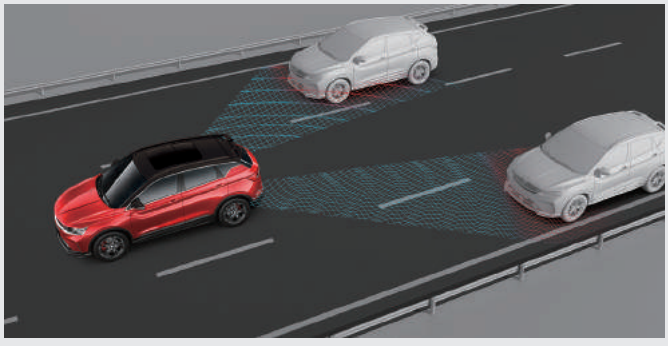

Displays a wide range of driving information and supports interaction with multimedia display. Comes in three themes, making sure all important information displayed clearly.

## Automated Parking Assist (APA) system

Automatic search for parking space, one-touch automatic parking, and automated braking when obstacles detected. All you need is to push one button, no matter how tricky the parking space is.

## Blind Spot Detection (BSD) system

Real-time detection of blind spot at rear side of the car, timely reminder of cars coming from blind spot.
